

Dear Friends and Colleagues,

Happy Holidays to you all! We wish you all the best in the new year.

The fourth quarter of 2018 has been an extremely busy but exciting period for Anadach - working with old and new clients in several countries, and collaborating with new partners including several multi-national companies and Development Finance Institutions. Please feel free to approach us for new assignments, innovative ideas and projects to improve health for all.

The next year promises to be as busy, with Anadach involved in several exciting events. We will keep you posted on these events as the dates firm up. We are planning to co-host a PPP program in Addis Ababa, Ethiopia in June 2019. More information to come early next year, but do reach out to us if you have any interest in working with us on this event.

We are hosting/partnering on these events as we believe it is an excellent way to network with industry peers, develop new relationships and collaborate on common goals.

We wish you and yours all the best in the new year!

Best
The Anadach Team

PAST EVENTS

The third annual Africa Health Business Symposium, Monday - Tuesday, 8 - 9 October, 2018, Johannesburg, South Africa

The AHB team was in Johannesburg, South Africa earlier this month and hosted over 350 delegates from 52 countries. AHBS III was 2 days of energetic dialogues, that demonstrated the will of stakeholders to collaborate and commit to a healthier Africa. The outcomes shared with several Ministries of Health will provide the much needed innovative approaches towards UHC for Africa.

The symposium kicked off with a welcome address from Dr. Amit N. Thakker, Chair of Africa Health Business, provided the synopsis of the 14 year journey travelled so far in creating a solid singular private healthcare entity for Africa to engage the Governments on a regular basis to create a win-win enterprise environment.

The event created the perfect opportunity to set the framework for rolling out the Healthcare Federation of South Africa on the sidelines of the Symposium.

Anadach was an event partner, represented by Thelma Machogo and Anton Kannemeyer in Joburg.

Welcome Cocktail

CCA Health Forum on "Bridging the Gap in Nigeria's Healthcare System", Wednesday, November 7th, Abuja

The Corporate Council on Africa (CCA) on Wednesday 7 November 2018, convened a high-level Health Forum themed "Bridging the Gap in Nigeria's Health System".

The CCA Health Forum featured roundtable discussions on Healthcare Financing Solutions delivered by leading Global bio-pharmaceutical firm Gilead Sciences and on Innovations in Healthcare Service Provision delivered by DAI Global Health. The sessions highlighted strategies and social impact models focused on addressing effective healthcare financing to reduce 'out of pocket payments,' best practices for treating/preventing communicable and non-communicable diseases (NCDs), and innovative solutions for strengthening Nigeria's healthcare sector.

During the discussions several common themes were emphasized; collaborating with the private sector to improve the effectiveness of current interventions aimed at strengthening primary healthcare including the Basic Health Care Provision Fund (BHCPF), prioritizing cost-effectiveness in the development Public-Private Partnerships; adopting home-grown solutions in responding to issues within the sector; approaching healthcare in a holistic manner; and finally leveraging existing technology solutions.

Dr. Enoma Alade, founding partner of Anadach Group participated in the Roundtable Discussion: Innovations in Healthcare Service Provision/Delivery.

Celebrating the Small Victories

The road to universal healthcare coverage may not seem so long if we celebrate the small victories along the way.

Last month the Anadach Group attended the AHBSIII in Johannesburg, South Africa. The symposium saw the coming together of 350 delegates from 52 countries all with the single goal of achieving UHC in Africa.

The symposium was centred on the prominent theme of "Achieving UHC in Africa: Stronger Together". Cutting across all components of UHC the various panel discussions sought to tackle the challenges, barriers, sectoral involvement, public-private partnerships and the use of innovative approaches and technologies which could all contribute to achieving the UHC goals.....

Yellow Fever

What do you really know about Yellow fever?

If you grew up in Nigeria, you've probably heard of it before as a sister disease to Malaria, because they are both transmitted by Mosquito bites. But what do you really know about Yellow Fever?

Did you know there is an ongoing epidemic which started in Sept 2017 and all 36 states have reported at least one suspected case, and a total of 58 cases have been confirmed by the WHO reference Laboratory, Institute Pasteur, Dakar, Senegal from 14 states, (Kwara, Kogi, Kano, Zamfara, Kebbi, Nasarawa, Niger, Katsina, Edo, Ekiti, Rivers, Anambra, FCT, and Benue States). There are also 140 cases so far, confirmed by a Nigerian laboratory

The latest cases were reported in Edo state on 22nd, November 2018 and confirmed positive samples by a Nigerian Laboratory while awaiting the WHO results.....
